Voice of the PTP students

Let's hear the feedback of some of the students of this Programme

這課程讓我深深的瞭解到及見到，
在處理案件時，理論比技巧重要，
處理情緒互動模式比移除病癥更有
果效地改善親密關係！

Doris Tai (戴惠嫻), M. Soc. Sc.,
student of PTP 2014-16 and
PTP-Continuing Study 2017-18

The course of PTP helps me see my family's emotional process on a deeper level and
anchor my thinking process on a more rational level. I was more able to remain calm
and more able to focus on my goals at very stressful situations. The course has
become like a guiding map through my decision making process.

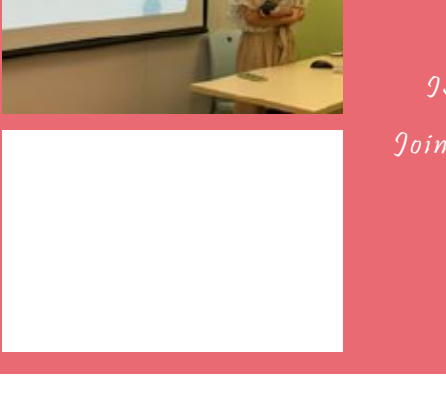

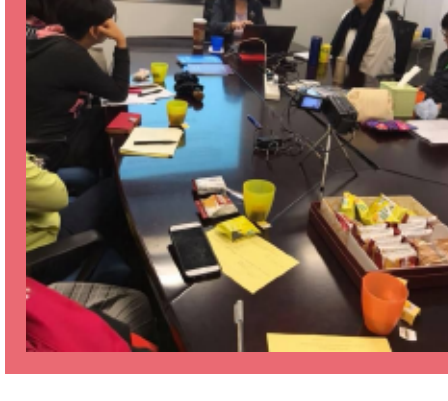

Berenice Lee (李恩意), M. Counselling,
student of PTP 2014-16 and
PTP-Continuing Study 2017-18

Many are on their 5th year of the continuous study of Bowen theory!

He recounts the story of a fictional family to describe and explain each concept.
